

PROFESSIONAL BACHELOR PROGRAMME IN DENTAL HYGIENE

UNIVERSITY COLLEGE LEUVEN-LIMBURG (UCLL)

Internationalization is our core business. We create an international campus among others by attracting students for our degree and exchange programs. More than 500 young people with an international background already study with us. Almost the same number visits us annually for a short or long exchange program.

The attraction of student cities such as Leuven is their small format and the safe, green surroundings. Our campuses are situated at the heart of Europe. With fast and easy access to our surrounding countries and either the sea and hilly regions and with an overwhelming offer of festivals, performances, cultural centers or museums, you will find it impossible to be bored.

Are you convinced that a study in Flanders will advance your career and life? We have a number of options to offer you as a degree student or as an exchange student.

DENTAL HYGIENE@UCLL OUR STRENGTHS

- New 180 credits programme (since 2016), only available at 2 University Colleges in Belgium
- Inspiring campuses located next door to the University hospital Gasthuisberg
- Leuven Innovative Knowledge Area in Belgium
- Close collaboration with UCLL-expertise cells and (international) researchers.

OUR OFFER:

An overwhelming international experience in our student city Leuven

An inspiring internship:

- A clinical traineeship, specialised on target groups
- An integrated care traineeship, with focus on prevention
